WHOLESALE PRICE LIST 3420 SEASON 1934-1935

December 1, 1934

Server of the grand of PLEASE NOTE

All summer prices and other quotations not accepted to date-

All summer prices and other quotations are hereby cancelled.

Prices. All prices herein are strictly net, to the trade only and for goods at our nursery unless otherwise stated. This list means what it says both as to prices and terms and we do not have from it.

Terms. To buyers of known or established credit, 60 days from date of invoice. Otherwise cash with order or 25% with order, balance C. O. D.

Quantities. Five or more plants of one kind and size will be supplied at 10 rate; 25 or more at 100 rate; for less than 5 of one kind and size add 20% to 10 rate.

Grading. Plants that are wider than tall are graded by width.

Packing. At cost as usual, including paper pots if used. Plants will be packed to secure lowest possible freight classification consistent with the nature of the goods shipped. Packing free if cash comes with order.

Pots. Prices of pot-grown stock do not include pots and unless otherwise instructed plants will be shipped without them. If wanted in the pots they will be charged for at cost, but may be returned and credit will be given.

Shipping. Our responsibility ceases when goods are delivered to transportation company in good order. They travel at buyer's risk. Please state distinctly whether you wish goods shipped by freight or express and where water shipment is possible be sure to specify by water or rail as you may prefer.

Other Stock. This list covers stock for shipment from our San Jose Nursery. We also act as selling agents for several other growers so shall be glad to have inquiries for any material grown on the Pacific Coast but not listed herein.

Complaints. Must be made within 10 days after buyer receives the goods.

Code. Should any state or national code be adopted which is contrary to any conditions specified in this list, the code will prevail from date of its adoption.

This firm is a member of

CENTRAL CALIFORNIA NURSERYMEN'S ASSOCIATION. CALIFORNIA ASSOCIATION OF NURSERYMEN.

Novelties and Scarce Items

Special attention is called to the following interesting lines. Sizes, prices and brief descriptions in the corresponding divisions of this list.

DECIDUOUS SHRUBS

MAGNOLIA, deciduous varieties SYRINGA, Named Lilacs VIBURNUM carlesi

CLIMBERS

HEDERA canariensis variegata WISTERIA, Pink and Double Purple

Lining Out Stock

Although we have considerable material of this class, particularly high grade grafted conifers, we have decided not to include it here but to issue a special list of it along toward spring. If you want a copy and do not receive it by March 15, please ask for it. Should you wish quotations sooner we will gladly give them on request.

Abbreviations

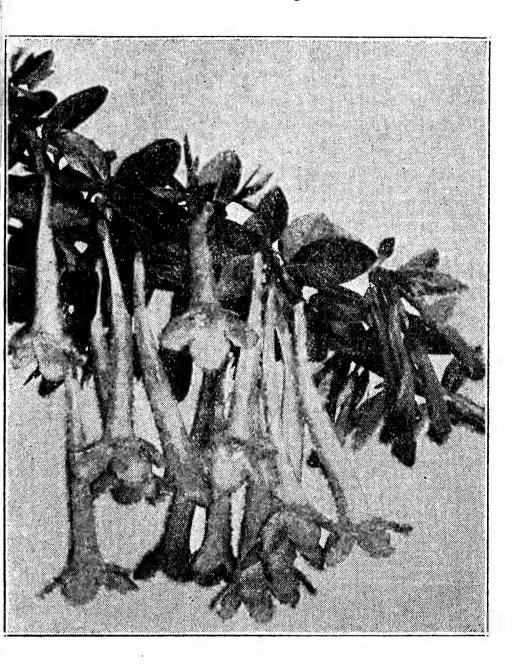

It is important for buyers to know whether they are getting seedlings or cuttings, etc., so we have shown how every item was propagated using the following abbreviations:

B—budded

G—grafted

C—cuttings S—seedlings

Novelty

Abelia Floribunda

RED ABELIA

The best Broad Leaved Evergreen novelty in years!

Wherever climate permits the growth of other Abelias, this new one will rapidly acquire the greatest popularity as it "has everything!"

Habit spreading with erect shoots; maximum height probably not over 4 ft., leaves evergreen, small and handsome; flowers enormous compared with other Abelias, trumpet-shaped and from 1½ to 2 inches long (illustration is slightly less than natural size); color bright rose red.

Bears an unbelievable profusion of bloom and well deserves the name "floribunda."

The wise ones will get a start on this without loss of time. We do not expect our limited stock for this season to last long so better hurry!

Prices for plants from 4 in. pots:

	5@	10@	25@	50@
With long shoots	.75	.70	.65	.60
With shorter shoots	.65	.60	.55	.50

Conifers

NOTE: A large portion of our conifers are grafted on seedling roots which gives them a far better root system than when grown from cuttings. Unless otherwise stated all plants in this section will be balled at prices quoted.

NORONIA -L-d	10	100
BORONIA elatior A beautiful but little known shrub. Foliage	rate	rate
finely cut and very fragrant. Flowers like		
large rosy pink heather blooms practically cover the plant for a long period.		
4 in. pot 1 to 1½ ft. C	.30	.25
BRUNFELSIA calycina (floribunda)		
Among the best novelties in years. Shrub of erect, slow growth with foliage about like		
California Privet. Flowers about the size and		
shape of Vinca, open deep violet and last about a week. They gradually change to pure white		
a week. They gradually change to pure white and as the color lightens, the rich fragrance		
is intensified. It has a tremendous spring		
crop of flowers and scattering the rest of the year except in mid-winter. The presence of		
violet, lavender and white flowers at the same		
time adds to the striking effect. It is Solana-		
ceous and its fragrance, which seems identical with our native "Blue Witch," will perfume the neighborhood. We can supply this from		
the neighborhood. We can supply this from		
either San Jose or Los Angeles.

FLOWERING CHERRIES

As a result of 15 years' collecting, we have the largest com-mercial collection of Japanese Flowering Cherries in America. Furthermore, all duplicates have been eliminated and by work-ing in conjunction with the U.S. Dept. of Agriculture, we have our varieties correctly and authentically named.

SPECIMEN FLOWERING CHERRIES

Above prices are for usual grade. We can also supply an excellent assortment of beautiful specimen trees in various sizes and ages both erect and weeping; some in containers, some from open ground. Of course these flower profusely and at once. If interested in trees of this class come to the nursery and see them if possible or write, giving an idea of your needs and we will quote.

Lilacs

Named Varieties

We have tested about 150 varieties and have gradually eliminated all but the very best sorts. All are grown by budding and as we pinch them when only a few inches tall they are all well branched and practically all bloom from first season on.

Named varieties of Lilacs are divided into two groups. Special List and General List, based mainly on rate of growth.

Sizes available for each variety are indicated by letters A, B, C, etc., following names in variety list below.

SPECIAL LIST

Roses

We grow bush and climbing roses extensively. If interested ask for List 3409. After digging is completed and advance orders are filled we will issue a revised list.

STANDARD ROSES

We are decidedly proud of our Standard Roses; nothing finer is grown anywhere. Stems are uniformly 3½ ft. All are DOR-MANT BUDDED (3 buds) and heads grown for at least a full year. Even our medium grade will compare favorably with much that is commonly put out as first grade, particularly if "June budded."

Miscellaneous

AGAPANTHUS umbellatus		
strong clumps	.50	
CORDYLINE (Dracaena)		
8 to 10 ft. S	4.00	
6 to 8 ft. S		
5 to 6 ft. S		
4 to 5 ft. S		
3 to 4 ft. S		
6 in. pot 2 to 3 ft. S		
"Triplets"		
There is a strong demand for Dracaenas with		
more than one trunk. These were grown by		
planting 3 together in a triangle about a foot		
apart so that they can be planted together.		
5 to 6 ft. S	2.25	
4 to 5 ft. S	1.75	
3 to 4 ft. S		
2 to 3 ft. S	1.00	
HESPEROYUCCA whipplei,		
CALIFORNIA YUCCA		
	.30	.25
MUSA arnoldiana (new), ARNOLD BANANA		
Grown from imported seed. Said to be hardier		
than the Common Abyssinian Banana and the		
leaves do not tear so badly in heavy winds.		
5 in. pot 2 ft	.85	
WOODWARDIA radicans		
We can supply collected Woodwardia Fern		
roots @ \$6.00 per 100; \$3.50 per 50.		
No shipment less than 50.		

Bird's IMPROVED Flower Pots

We are agents for Bird & Son's famous Neponset Paper Pots. The colored pots, now greatly improved, are used for growing and the red (same as we use ourselves) for shipping. Prices are at factory in Mass. They can be shipped economically to any point in California, Oregon or Washington via Panama Canal. Orders accepted for case lots only.

Size	Quantity	Weight	Price p	er 1000
the same and	per case	per case	Red	Black
2 inch	1000	10 lbs.	\$ 3.65	\$ 4.10
21/2 inch	1000	16 lbs.	4.10	4.75
3 inch	1000	24 lbs.	5.10	6.00
4 inch	500	23 lbs.	8.00	9.65
5 inch	500	37 lbs.	10.50	13.10
